Mail Address—Camp May Flather, Stokesville, Augusta County, Virginia. Telephone—Camp May Flather, Bridgewater, Virginia. Telegraph—Camp May Flather, Harrisonburg, Virginia.

#### LEADERS, PARENTS, TROOP COMMITTEE MEMBERS!

An opportunity to see camp and for leaders to receive a short Tramping and Trailing Course is offered June 25 to June 27.

Cost, including transportation, is \$5.90. The group will leave the Union Station, Washington, at 9:10 A. M., Wednesday, June 25, and returning will reach Washington at 8:55 P. M., Friday, June 27. Any adults interested in Girl Scouting may register for this period. The organization reserves the right to cancel this trip if there are not sufficient registrations by June 15.

Main Dining Hall, Kitchen and Store Rooms

Camp May Flather, which has been presented to the Girl Scouts of the District of Columbia, and to girl scouts for generations to come, will open its wide gates to welcome its first group of new owners on Monday, June 30.

Situated 20 miles southwest of Harrisonburg, Virginia, in the Shenandoah National Forest and on the Alleghany Range, a beautiful wild territory 30 by 150 miles, is available for the use of the camp. Mountain streams and miles of lumber roads and Indian trails stretch through the forest. The region is rich in Indian, pioneer and historic association and the cool climate offers a marked change from Washington summers.

Camp May Flather has been called one of the most perfectly situated and constructed girl scout camps in the country. The dining hall and lodge are of native river stone, log and slab construction. There are four separate camps for 24 campers and four leaders each, which are divided by age groups, and the pioneer camp is located a short distance from the main camp in a deep pine woods on the bank of North River.

### CAMP SESSIONS

There will be four, two week sessions, starting Monday, June 30, to July 14; July 14 to July 28; July 28 to August 11; August 11 to August 25. Campers may stay for more than one session, provided Registrations are not full by June 15.

#### TUITION

Tuition is \$18.00 per session of two weeks, and the round trip fare from Washington is \$3.90. Of this \$21.90 total, \$5.00 is payable in advance with registration application. This deposit covers transportation and registration fee and cannot be refunded.

The camp Trading Post carries Girl Scout supplies, toilet articles and other small equipment.

#### TRANSPORTATION

Chartered cars leave the Union Station, Washington, on the Southern Railway, at 9:10 A. M., June 30, July 14, July 28 and August 11. Returning groups reach the Union Station at 8:55 P. M. on July 14, July 28, August 11 and August 25. Cars are switched over the Chesapeake & Western to Stokesville, one mile from camp. Each group is chaperoned.

Box luncheons are delivered in the cars at Strasburg, Va., at a cost of 40 cents, or girls can bring their own luncheons.

Parents are requested not to bring their children to camp.

### HEALTH CERTIFICATE

Upon registration each camper will be given an appointment for a health examination, which will be given within one week before coming to camp.

#### **PROGRAM**

The camp is planned by each unit of twenty-four girls through its Court of Honor. Each unit is a separate camp and will arrange its activities according to its interests. Two or three times a week the entire camp will come together for evening campfire.

With the camp surrounded by a wealth of natural resources the site offers a rare opportunity for woodcraft, mountain handcrafts, trail trips and forestry.

Woodcraft includes a progressive plan of: 1. Instruction in Main Camp. 2. Five days in the Deep Woods Camp, where campers live in Adirondack lean-to's. 3. Overnight trail trips. 4. Two-day trail trips. Horseback trail trips for the experienced woodcrafters may materialize for this year if the cost is not prohibitive.

Handcrafts will include a variety of projects suitable to the region. A mountaineer whose family for generations have made White Oak splint baskets will be in camp to help us find White Oaks, split and peel them, and make them into Indian pack baskets, waste baskets, and firewood baskets. We will make furniture for our log cabins, corn husk door mats, road signs, and many other things.

Forestry is the name we are giving nature study. We will have a Forester with us who will show us our way about in the mountains, weather signs, how to tell direction by stars, what the different

woods may be used for and how to preserve the trees, about the animals who live in the forest, what barks, roots, and buds are edible, and how to protect ourselves from the insects.

Swimmers will find a clear rock pool waiting for them and those who are not yet swimmers have another shallow pool.

Dramatics will probably center about the outdoor theatre, situated near the main lodge. Wide stone terraces on the hill top form the seats which command a view of the mountains above the leafy background of the stage. A dedication pageant will be given early in the season and another pageant near the close of camp.

In addition to group singing, music will include an orchestra. Every girl who plays any kind of instrument should bring it. Camp can provide safe and dry storage.

Swimming is closely supervised. A registered nurse is a resident in the camp and a dietitian and assistant dietitian are in charge of food. The water supply is tested. Pasteurized milk is used and all sanitary aspects of the camp are as perfect as it is possible to make them. Twenty-five trained adults compose the staff.

## CAMP UNIFORM

The camp uniform consists of an especially designed short which flares, is four inches from the knee and has an inside bloomer. This is worn with a middy, both pieces being in the official Girl Scout green. It can be purchased only from Hecht Co., price \$1.95 to 14 years, \$2.95 over 14 years.

Dark green wool knickers and sweater, jacket or coat for cold weather. Dark green beret. Knickers can be purchased from Garfinckel & Co., Sweaters from Hecht or Garfinckel.

Preneer bodyl This uniform is not required, but each camper should have at least one short and middy outfit if possible.
